design elio martinelli, marc sadler, 2003

Table lamp diffused light. Metal chrome structure, white opal methacrylate diffuser, with lower diffuser in white colour sanded methacrylate.

Result of the collaboration of Marc Sadler and Elio Martinelli, the lamp, produced in 2003, reveals its secret color projecting it on the curvature of the base. A splash of color obtained from the distorted reflection of the lower circular diffuser, as in a small mirror's room.
